

BIBFRAME BASICS

AMBER BILLEY, UNIVERSITY OF VERMONT #NETSL2015

ABOUT ME

- Catalog/Metadata Librarian
- Zepheira BIBFRAME alumna
- Curious by nature
- Early adopter
- Avid tinkerer
- @justbilley

AGENDA

1. Why BIBFRAME?
2. What is BIBFRAME?
3. How to BIBFRAME?
4. Where to BIBFRAME?
5. When to BIBFRAME?

WHY BIBFRAME?

WHY BIBFRAME

- Replace MARC
- Integrate and engage library data with the wider information community

REPLACE MARC?!

- It is just machine readable
- It is not machine actionable

MARC makes great cards.

MARC makes reliable data.

BECAUSE TIM BERNERS-LEE SAID SO
ENTER LINKED DATA

Thinking Machine

THE 4 RULES OF LINKED DATA

1. Use URIs to denote things
2. Use HTTP URIs so that these things can be referred to and looked up (dereferenced)
3. Provide useful information about the thing when its URI is dereferenced, leveraging standards (RDF & SPARQL)
4. Include links to other related things (using their URIs) when publishing data on the Web

Born: September 4, 1981 (age 33), Houston, TX

Spouse: Jay-Z (m. 2008)

Children: Blue Ivy Carter

LINKED DATA

IS ALL ABOUT RELATIONSHIPS

RDF : THE FOUNDATION OF LINKED DATA

- Resource Description Framework
- RDF is a standard model for data interchange on the Web.
- It creates the relationships between things on the Web.

RDF Triple

RDF Triple in XML

```
<?xml version="1.0"?>

EXPRESSING LINKED DATA

- RDF/XML
- RDFS
- JSON
- Turtle

STANDARDIZING LINKED DATA

- Vocabularies
- Ontologies
- Enter BIBFRAME!

WHAT IS BIBFRAME?

WHAT IS BIBFRAME?

- Replacement for MARC
- Bibliographic relationship model
- Vocabulary for creating bibliographic metadata as linked data

#MARCMUSTDIE

- BIBFRAME was designed to convert legacy MARC
- It also can be used to create new bibliographic information as linked data
- Imagine what search engines could do with library data!

BIBFRAME IS A VOCABULARY

- Classes - are a type of thing (subjects or objects)
- Properties - connect or relate resources to each other (predicates)

ORGANIZATION OF BIBFRAME

- 4 "Main" Classes
- 52 Classes
- 272 Properties

"MAIN" CLASSES

1. Works
2. Instances
3. Authorities
4. Annotations

Let's explore!

<http://bibframe.org/vocab/>

HOW TO BIBFRAME

HOW TO BIBFRAME

- Code
- Scribe
- Customize
- Transform
- Store
- Deliver

 =520 \\\$aDoes it ever seem that a lot of the people you work with are jerks? This book is about how not to let work turn you into one of them. Apply the simple Buddhist teachings and practices Lodro Rinzler provides here to whatever you do for a living, and you'll not only avoid jerk-hood, but you'll be setting out on the path toward making your livelihood an expression of your inherent wisdom, honesty, and compassion. In the process, you'll discover genuine empathy for the folks you once found so difficult. You'll also learn leadership skills that apply compassion to management in a way that increases happiness along with efficiency. As Lodro shows, even if the path of work shifts beneath your feet, it's possible to make your livelihood a source of satisfaction and of deep meaning.

BIBFRAME EDITOR

- An open source tool for creating BIBFRAME metadata
- Available to test on the web
- Available for download
- <http://bibframe.org/tools/> LINK

CUSTOMIZE

- BIBFRAME profiles
- Profiles allow for custom editor interfaces
- Currently only locally hosted installs can be customized using profiles

TRANSFORM

- MARC to BIBFRAME Transformation Service
- Supply URL to MARCXML data
- OR paste MARCXML data
- <http://bibframe.org/tools/transform/start> LINK

STORE

- storage of bibframe data is up to implementers.
- nosql database
- a triplestore
- Library of Congress with developer partners are working on pilot projects

DELIVER

- Test your own dataset
- Look at a demonstration dataset
- <http://www.loc.gov/bibframe/implementation/> LINK

A wide-angle, low-perspective shot of a grand, ornate interior space, likely a library or a grand hall. The ceiling is high and features a complex, colorful geometric and floral pattern. The walls are lined with tall, white columns and arched alcoves. In the center, a large, dark statue of a figure holding a torch stands on a pedestal. To the right, a wide, curved staircase with a wooden railing leads upwards. The overall atmosphere is one of historical grandeur and intellectual pursuit.

WHERE TO BIBFRAME

WHERE TO BIBFRAME

- Only a handful of institutions are developing and testing BIBFRAME
- Implimentation register
- <http://www.loc.gov/bibframe/implementation/register.html>

[LINK](http://www.loc.gov/bibframe/implementation/register.html)

WHEN TO BIBFRAME

WHEN TO BIBFRAME

- not yet
- not really even soon
- but you can test it out

WHAT'S NEXT?

- Continued testing and development by implimenters
- Researchers are developing use cases, vocabularies comparisons, and tools

STAY IN TOUCH!

- BIBFRAME listserv :-/
- Renegade BIBFRAME Slack group :-)
- #BIBFRAME
- #ldmodels
- #mashcat
